A NOTE ON CEREMONIES

Evenley Wood Garden does not currently hold a license for legal ceremonies.

Many couples choose to complete the legal paperwork at their local registry office beforehand, then enjoy a personalised celebrant-led ceremony in the woodland with their family and friends.

This allows you far more freedom to create a ceremony that truly reflects you as a couple.

COME AND SEE THE SPACE

If you would like to arrange a private visit to the gardens to talk through your ideas and explore the possibilities, we would be delighted to welcome you back.

Simply get in touch or book an appointment via our dedicated weddings page.
